#### Mask and Dagger Elects Aliapoulios

Steve Aliapoulios was elected the new president of Mask and Dagger and Larry Kilburn was chosen as vice-president at the annual election meeting held on Thursday, April 8.

At the same meeting, Florence Flint was elected as secretary. Barbara Marden will handle the monetary matters for the forthcoming year and Vernon Ingraham will take over the business management.

The new slate of officers will be installed soon after the run of **Hay Fever**, which opened a four-night stand in New Hampshire Hall last night. Plans are being formulated now to give each member of Mask and Dagger a specific job so that everyone will feel that he is a contributing member of the organization.

Tonight will be "opening night" for cast B of **Hay Fever**, with repeat performances for each cast on Friday and Saturday evenings. Both casts are in top form to make Noel Coward's hilarious farce a succes worthy of Mask and Dagger's 25th anniversary year.

**Hay Fever** marks the last performance for many Mask and Dagger's regulars, who leave the campus this June. Brad Chase, Herb Blais, Hal Orel, Jeanmary Durant, Norman Selzer and Lorraine Moody are giving their farewell performances on this campus. They leave behind them a series of successful runs, including **The Barretts of Wimpole Street**, **The Royal Family and State of the Union**, and a high standard of acting for incoming members to live up to.

## Greek World

By Carlotta Dondero and Bob Crory

Despite our prayers the world is bright again, we must turn out a G.W., and Art Stewart is happy as he forgets about the "rain-checks" he had to hand out Sunday when the movie "Night and Day" became "Night, period". . . . Girls, you've had it! You've tasted the bitterness of life; first, Pan Hel has shown you the financial anxieties the stronger sex go through 364 days of the year, and now you are faced with a horrible rumor: **Gus Nunes is no longer available!** Yes, the grapevine has it that "gullible Gus" has finally succumbed to a New Jersey Woman. Our congratulations to you, Gus, if it's on the level. . . . **Phi D U's** new officers are: Pres. Dick Bonin, Vice-Pres. Bob Benson, Treas. Gordon Brown, and Sec. Howard Boardman. Brown was also elected Keeper of the Pets. . . . Congratulations to **Kappa Delta's** Margaret Johnson who recently became engaged. . . . **Theta U** thought they got out of it pretty easy when they had their pledges do the spring cleaning for them. That is, until they went to bed that night, and found that they all had pie beds! Some people sure have the crust. . . . Memorial services will be held for Bob Monroe and Bob Newell at the Community Church on Sunday at the regular services. . . . The new beasts at the Zoo are Barb (sigh) Grinnell, Terry Winn, Alice Hauslein, Shorty Boyden, Joyce Brown, Caryl Dineen, Carol Grace, Ginny Wasto, and Pat Knight. . . . Congratulations to Ralph Amsden of **Theta Chi** who is engaged to Alice May Elton of **Chi O**. . . . **Kappa Delta** was honored with a visit from Miss Eleanor McCall, a National Inspector, last week. . . . The new initiates in **PiKA** include Fred Carlin, Fred Dederick, Chuck Farnham, Al Fisher, Hen Gadbois, Bernie Goldsmith, Dick Ladd, Bob Lamb, Moe Ross, Dick Stearns,

## Outing Club Wants Team For Woodmen's Weekend

NHOC is looking for people who are skilled in flycasting, canoeing, sawing, chopping, etc. The reason is the annual Woodsmen's Weekend at Hanover, N. H. on May 8-9, in which the Outing Club hopes to enter a complete team.

Cars for transportation will be furnished by the Outing Club. Men should be prepared to camp near Hanover.

For further information, call Shorty Lange at Phi Mu Delta.

Joe Sulham, Harry Thorpe, Bob Thurston, and Irv Williams. . . . We wonder: Are the Happy Boys at **Sigma Beta** really happy when they get up in the morning? . . . . Considerable conflict resulted last week when the **Phi D U** baseball team, the **Sigma Beta** nine plus the local youth all ventured forth with the intention of using the diamond in back of the grammar school. We suggest the moving of North Congreve and the construction of a stadium on that site. What an improvement! . . . . **Phi Mu's** new pledges are Lois Hayes and Barbara Weigand. The new initiates include Bea Alden, Mildred Burns, Florence Chandler, Jane Hayes, Lois Hunt, Elaine Riley, Carol Seibold, and Joyce Thomas. . . . Last, but not least, we reveal the **Chi O** initiates: Jan Murphy, Nan Vogel, Pat Wood, Mary Jane Stafford, Lydia Thorne. . . . **Kappa Delta's** Sylvia Fitts, who was visiting them last week, is now living in the big city of New York. (Local girl makes good.) . . . Bill "88 Keys" Vander Haegen of **PiKA** is slowly succeeding in driving the **PiKA's** out of the house with his persistent practicing on the piano. His success is beginning to show, however, because now that he knows the scale he says he's going to tackle "Chop Sticks" next. . . .

## Notch to You

By Jane Black

The Student Union transportation pool has gone into effect. Students seeking passengers or rides are reminded that they may sign for them at the Student Union office, stating time of departure, destination, name, and phone number.

By the way, congratulations and thanks to Skip Little of Gibbs Hall for our name, **Notch to You**. He has received his tickets for the Cabaret Dance. And about that dance — it's this Saturday night and it promises to be really good. All the tables are reserved and admission is thirty cents, plus tax. Things start at eight sharp and the first show is at 8:45. Tickets are at Student Union office. Music will be provided by "Taylor, Dumaine, Brown, Halcy, and McKay".

The Notch expresses its regrets, but funds do not allow a larger stock of magazines. There will probably be all popular brands when the Notch opens next fall, but for now, these are it: **Saturday Evening Post, Life, Time, New Yorker, Athletic Journal, New Republic, Travel, Natural History, Coronet, Common Ground, Better Homes and Gardens, Holiday, News Week, and Country Gentleman**. They can be had at the SU office for the loan of a little yellow card.

The Cultural Recreation Committee of the SU is starting something new that will be greatly appreciated by radioless music lovers. Every Sunday afternoon, starting April 18, from 3 to 4:30, a broadcast of the NBC Symphony may be heard at the Notch. Handy, eh?

**Embarrassing!**

We have many things to be proud of here at the University of New Hampshire. But when outsiders ask us about the wage-rates of student-help, we can't prevent shameful flush from flooding our faces. It's embarrassing.

Student-help in Commons receives 45 cents an hour. They work a minimum of 10 hours per week, a maximum of approximately 30 hours per week. They must buy their meal tickets. They are required to buy a \$125 Freshman meal ticket.

A student working 10 hours per week will average \$144 for an eight-months school year; barely enough to pay for his meals. Commons help must work in hot, steamy, and odoriferous places. Yet they receive among the lowest wages in the State of New Hampshire.

The regular help at Commons is not paid a respectable wage, either. They do receive meals, however. But out of a salary of \$22.50 per week, they may have to pay room rent from \$10 to \$20 per month.

When we speak of the "American standard of living" we do not mean \$22.50 a week. Not in these days of inflationary, high-cost-of-living conditions.

Are we agreed then, that these wages paid by the University are disgraceful in the light of what little a dollar can buy nowadays? Then who is to blame? UNH being a state institution, we are inclined to believe the State is to blame.

"Ah," says the conservative New Hampshire Yankee, "if we can get cheap help, it will keep our taxes down." Will it? Can you get good help cheaply? Why is the labor-turnover at Commons so great, then? Why is it that some of the student help will quit rather than do the worst jobs in the kitchen, such as swilling, steaming dishes and silver? They claim they will do that work if they are paid for that work.

American workers have adopted the moto, "A good day's pay for a good day's work," and most American employers echo these sentiments. But it is a shameful thing that a State, and our State at that, does not adhere to this principle.

If we had the power and authority, we would speedily act to remedy this disgraceful situation. But, unfortunately, we do not. Our power is only to bring this matter to public attention, and this we are doing. Further action rests upon the State of New Hampshire. And in our democratic government, the power of the State rests in you — the people.

## Letters to the Editor

### Missed Mather

Dear Sir:

In all our respect to Mr. George Haselton's ability to choose the outstanding men of the year in sports for 1947-48, we feel that one player, namely, Bruce Mather, was far underrated. Bruce played a superior brand of football all year long and we resent the way in which Mr. Haselton belittled him in his article last week in **The New Hampshire**. Maybe you'd call completing 6 out of 9 passes in the U-Conn game as compared to 7 out of 15 attempted for Connecticut, "fizzling out a bit". We say "Huh!" Bruce had only 3 intercepted passes out of 89 that he flipped. It takes a calm, capable passer to have that good aim. He also had 892 yards made by passing to his credit during the season.

All during the broadcast of the Toledo game Harry Wismer kept remarking about Bruce's extraordinary passing ability and his excellent aim, which was practically putting the ball in the hands of his receivers who just couldn't seem to hang onto them. We aren't bringing this up to belittle the rest of the team because they put everything they had into that game and we certainly appreciate it. It just seems a shame that everyone of the other All-Star players was justly praised while only Bruce was spoken of disparagingly. It looks like very poor sportsmanship to us, in view of his outstanding record. So in behalf of a fellow who earned every bit of glory he received, we write this.

### Explanation

To the Editor:

In the April 8 issue of **The New Hampshire** an editorial and a letter from Mr. Paul Chasse appeared, both concerned with the Peace Rally held on April 2. As one of the co-chairmen of the Student Peace Day Committee which sponsored the Rally, I feel I should clear up a number of misconceptions. Even the facts of the case are misrepresented in both the editorial and the letter. Consequently, a brief summary of the plans for the Peace Rally follows.

On Wednesday, March 17, President Truman delivered his now-famous message to Congress calling for military preparedness to halt the expansion of the U.S.S.R. into Western Europe. Many of us as students were deeply concerned with what Mr. Truman said and with the favorable reception given his message by Congress. As a result, about fifteen of us students gathered for a meeting to discuss what we could do to effectively oppose the steps which the President proposed and the philosophy and forces dictating those steps. We met at 4:00 p.m. on Friday, March 19, to discuss what we could do. This meeting was not called by any campus or non-campus organization. It was called and met because of the interest of individuals. At the meeting on the 19th it was decided to hold a demonstration and rally on Friday morning, April 2. Gloria Cutler was elected secretary of the Student Peace Day Committee and was asked to keep the minutes of the meeting. These minutes are now in the hands of John Connors, who, with me was elected co-chairman. A program and publicity committee was chosen as well as a finance committee which was given the task of soliciting money from student and townsfolk to cover our expenses.

The program and publicity committee held its first meeting during the vacation on Tuesday night, March 23. At that meeting Peter Weyl, one of the planning committee members, showed us a letter which he had received from the Students-for-Wallace headquarters in N. Y. calling on Wallace sup-

## Let's Be Objective

A true sign of greatness is objectivity. How easy it is to say, yet how hard to practice. In a day when burning issues demand the attention and decisions of thinking people, there are, too often, hasty conclusions drawn and immoderate actions taken. The pressure from extremes preludes adequate consideration of the question.

This is not to say that an objective person never draws any conclusions, but that he draws conclusions only after careful thought.

Objective thought is rational thought, without emotion. The extreme proof of objectivity is to be able to defend one's own opinion, giving full credit and consideration to the opinion of the opposition, and still maintain a rational and unemotional attitude.

We do not wish to praise, condemn, boast or apologize. We merely request sane consideration before judging.

B.C.N.

porters to plan political opposition to Truman's demands. Mr. Weyl had received the letter on Monday, March 22. Thus, the assertion that our rally was Wallace instigated and inspired is not true. Our rally was planned three full days before Mr. Wallace had divulged his plans.

At our Tuesday night meeting we planned some of our program and publicity. Another committee meeting was called for Thursday night to complete our planning. At these meetings it was decided that we would ask students to speak. Cards were written to various individuals who were asked to speak two minutes each. Students with different majors and backgrounds were asked to talk from these various positions. For example, Mrs. Eva Thomas was requested to speak from her experiences in Nazi Germany. Her speech was completely her own as were all the others. There was absolutely no dictation as to what a student should say.

The student speakers met with the co-chairmen on Thursday afternoon, April 1, at 4:30. At that meeting the order of speakers was determined in relation to what each student had decided to say in his speech. As from the very beginning, it was emphasized that each student spoke only as an individual and represented no group in any official capacity.

The various student speakers expected that there would be opposition

# Si Dunklee Acclaimed For Athletic Exploits

By Gordon L. Barnard

"You've got to be a football hero," to gain recognition as a college athlete, or so goes the old adage. But just in case some warm spring day you happen to meet a white award sweater, worn by a towheaded individual with a smile as wide as T-Hall arch, who doesn't quite assume the proportions you ascribe to your idealized version of a football star, don't be puzzled.

He's not. The person, Silas B. "Si" Dunklee, is, however, definitely an athlete in his own right. His flying feet and greased skis have attested to that many times in his two and a half years of college skiing and running competition, and as a skier and runner Si has done certainly more than his share in gathering athletic glory for UNH.

## Not from New Hampshire

Prepare to take a blow to your local ego, all you loyal New Hampshire shirites, "Si" is not a local boy in the strictest sense of the word. He hails from Brattleboro in the Green Mountain state of Vermont. There he attended Brattleboro High School graduating in 1941. During his high school days he began to demonstrate his athletic prowess, becoming a ski team letterman four consecutive years and a track letterman for three. While still in high school he ran a 4:40 mile; but, he says, "this wasn't good enough to win, as I always ran second in mile races to one of my own team-mates."

When participating in New England interscholastic track meets held here in Durham, he became interested in UNH and fortunately (for UNH), decided to make this his college.

## Started Early

He entered college in the fall of 1942 and, even as a freshman, lost no time in making his influence felt, both in local and national competition. Besides shining in dual competition, he placed eighth in the New England

and thirteenth in the nationals. At the end of the cross country season, he became a member of the undefeated 1943 UNH ski team, copping one first and two thirds in cross country, and three sixths in jumping, in meets at Lake Placid, Dartmouth, and Middlebury. The '43 ski season overlapped winter track but ended in time for Si to participate in three winter track meets. In two dual meets he scored first in the two-mile and participated in the Nationals at New York. Going on into spring track competition, he placed third in the two-mile at the New England Intercollegiate track meet, with a time of 9 minutes 50 seconds. All this took place during his freshman year, so actually, Si earned four varsity letters his freshman year!

## Time Out

For the next three war years, Si worked on a dairy farm under an agricultural deferment. In the fall of '46, he returned to school and captained the cross country squad to a successful season. That year he placed eighth in the New England and ninth in the Nationals.

During the '47 ski season, in addition to placing third in cross country at McGill and Middlebury, he took part in the Olympic tryouts and came out with an individual place of tenth in the combined cross country and jump ratings.

In the spring of '47, he resumed his familiar position in the two-mile and held it down neatly. He consistently placed first in meets with Brown, Northeastern, Fort Devens, and MIT. In the New England Intercollegiate meet, he took second with another 9:50 two-mile. A week later he dropped ten seconds off that time to place sixth in the National IC4A meet at Penn State, bringing his best performance time down to 9 minutes 40 seconds.

## Unbeaten in Dual Meets

In the fall of '47, he again led the harriers to a successful season. He was unbeatable in dual competition and placed fourth in the New England Intercollegiate meet and eighth in the National IC4A meet.

The winter of '48 was a busy one for Si and a successful one. Entering cross country ski competition at Franconia, Jackson, University of Vermont, Rumford (Maine), Dartmouth, and Middlebury, he notched five first-places, in addition to two seconds, and one third!

Right now Si is limbering up for track and will be back at the two mile post this spring. He thinks that this season he will be able to break his own previous record of 9:40 in this event. If a past record of outstanding achievement and progress signifies anything, I'm sure we agree, his chances of doing just that are very, very good.

Thanks to Si this season's meets should prove to be of even greater interest than those of years past.

# Varsity Diamondmen Drilling for Opener

By Bill Reid

Wildcat baseball, vintage 1948, will get its Durham debut come the afternoon of April 22, when the Swasey ball hawks tangle with the mightily gifted Bates nine in as tough an opener as the UNH mentor himself is able to recall.

Up to this point, the Swaseymen have met their stiffest opposition from the ever mystifying Weather Man. Only three times have the diamond strutters been able to leave the field house for work out of doors. Since there is little comparison between playing conditions under cover and on the field it is the fervent hope of the squad that Old Sol breaks through with regularity during the next few weeks.

The Durhamites face a stiff 18-game card between the 22nd of April and the 26th of May. This means a ball game almost every other day and that is a man sized drain on any college pitching corps. It calls for at least three chuckers with wizardry enough to take the hill every fifth or sixth day plus a couple of firemen who can come on to work a capable job of relief.

The unique staff is top heavy with left handers, some of them proficient enough to be valuable to the club once the season is underway. The southpaw quartet which Swasey will bank most upon includes Bud LaVoie, Joe Beaudin, Dick Fehlman and Chuck Burroughs. LaVoie reported a little later than the others but appears to be as well advanced as any. Joe Beaudin is a senior who hails from Lincoln, N. H. and he may establish himself as a force to be reckoned with though he still needs a lot of work to overcome his wildness.

On the starboard side Bob Haller, Gil Standish, Vince Dunn, Bill Foster and George Olsen will carry the load. Haller and Standish look to have the nod over the rest of the crew at this time. They present an interesting contrast in hurling form; Haller relying on his hard over hand fast ball to get him by, while Gil serves up a variety of slow, flutter ball-stuff.

Behind the plate, the Wildcat worries are at a minimum providing a capable back stop, Hal Burby, avoids split fingers and a multitude of other injuries which junx the careers of so many able receivers. Ollie Cole and Jack Lawson are available for replacement duty while Art Massucco can be shifted from his right field spot should the necessity arise.

Around the inner cordon, Captain Soc Bobotas at shortstop paces an experienced group of infielders. Dave McCullough appears to be set at first

base while Bob Francoeur and Gus Di-Rubio complete the inner circle.

The starting outfield will come as a surprise to many with a pair of newcomers to UNH diamond ranks grabbing off starting berths. Dick Grenier, sophomore from Hampton, N. H., will probably start in center flanked by Veteran Art Massucco and recruit Al Swekla in right and left respectively. Swekla is a big boy who appears to have been converted from the gridiron successfully and he should add some punch to the Wildcat offensive at the plate.

Emil Krupa, a regular in the UNH field a year ago, came up with a sore arm which makes it impossible for him to complete the hard throw across the infield. Swasey will use him as a utility outfielder until the ailing flipper is back in shape. Swasey will hold Frank Callahan and Sonny Harris, a couple of mainstays on Glassford's J.V. nine of a year ago, in reserve in the outer pastures. Chuck Sullivan and Tom Barrett are a couple of capable infield subs who are making strong bids to become stars.

With the exception of Krupa the Durhams are without a casualty and in good condition generally. The squad joins Boss Swasey in looking forward with eagerness but not to much optimism to the coming season realizing the scope of the schedule they will face during the coming month and a half.

Letter to the Editor:  
(continued from page 3)

and heckling on the part of a few students. We expected to hear unpleasant epithets hurled at us by some of our fellow students, such as "Reds", "Communists", "Uncle Joe", and the like. We were given such labels at the rally and since the rally in our campus newspaper. Most students did not appreciate the heckling done by a minority.

We expected that we would be considered subversive or as Soviet agents. Mr. Chasse asserts that because this year is the 100th anniversary of the "Communist Manifesto" and because some of us wore red ties or scarfs there can be no doubt of our real objectives and identity. Such an allegation is, of course, absurd. The Communist Party, U.S., opposes U.M.T., but so also does Roman Catholic Archbishop Cushing of Boston. Is it necessary for Americans to stand for racial prejudice because the Communist Party stands against it? No. It is a matter of what is right, not who is right.

Those of us who planned and participated in the Peace Rally are well aware that we made mistakes. We tended too much towards an emotional presentation of our ideas. We did not present enough facts and logical alternatives to present U. S. policy. We see this now in perspective. On these points we welcome the criticism of all. When one of my friends who completely opposes my ideas stops me a week after the rally and tells me that we should have presented more facts I am thankful and appreciative. When we are called Communists the real issues facing America are never understood or met. It is merely symptomatic of the hysteria which grips too many Americans.

As one of the co-chairmen of the Student Peace Day Committee I would emphasize that one of the most important reasons why we held the Peace Rally was to resist and oppose the hysteria sweeping across our nation. It is unfortunate that The New Hampshire is a victim of that hysteria and chooses to infer that we are Communists rather than face the issues which we feel must be faced.

We have asserted that the present bi-partisan foreign policy of America will not give the world peace. "Communist", is hurled at us in reply. Honest students, whether they agree or disagree with our position, must feel that this reply is not satisfactory. The real issue has not yet been joined.

Sincerely yours,  
Richard P. Abell, Co-chairman  
Student Peace Day Committee
